

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all chronic or long standing cases of catarrhal affections and their results, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is safe and reliable. A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

LOCAL BRIEFS.

Irving Tevis was in Kansas City Sunday.

Gus Weber was in Higginsville Sunday.

There are many people who suffer from Backache, Rheumatism, Lumbago and similar ailments who are not aware these are symptoms of kidney trouble. Pneumonia for the kidneys act as a tonic and regulator to kidneys and bladder and purify the blood. 30 days' trial \$1.00. For sale by C. W. Loomis.

HABITS AND BRAIN RECORDS.

A Noble Personality the Result of Noble Desires Inscribed in Brain.

Remember that the brain is the instrument through which the real personality expresses himself; and he can only express what is already written there, says a writer in the Nautilus. Consequently, the external man will be just what is inscribed upon his brain, for all his actions must be dictated or directed through these brain records. You cannot saw wood with a hammer; nor can the soul play a piano with the fingers until the knowledge of piano playing is written in the music place of the brain. You cannot show forth a high and noble personality until you have written within your skull a record of noble and holy desires; according to the tools you give it, so will the expression of your soul be.

You can wind up a phonograph, and you may make it run fast or slow, but you cannot make it say anything that is not on the records. If some one had put his opinion of you on a record, even though you knew that opinion to be untrue, you could not make the record tell the truth; the only thing possible would be to make another. You have written your opinion of yourself upon your brain; you cannot be anything else until you change the record.

WAS JUST ONE DOLLAR AHEAD.

What Little Financial Transaction Had Netted Widow.

"More than a year ago," said the insurance man, "I received a letter which said that the writer was a widow and asked for a little financial assistance. She wasn't very greedy, but would let me off with a dollar. I showed the letter into a pigeon-hole and paid no further attention to it. Next week another came. Then a third and a fourth, and as a matter of fact one came for each week in the year until I had 52 of them. The widow had spent \$1.04 in her efforts to obtain a dollar from me. I thought such persistency deserved an answer of some sort, and so I wrote her:

"All your letters received. I send you the dollar asked for, but can't you figure that you are still four cents out?"

"As promptly as if she had been a business man closing up a \$10,000 deal she replied:

"Thanks. No, I can't figure that way. As I begged my stationery and stamps from the neighbors I am just \$1 in pocket in your case."

"I have always had a tender heart for widows," smiled the insurance man, "but in this case I don't think there is any call for my sympathy."

Simple Water Distiller.

A boatload of shipwrecked mariners having a few panes of glass may collect from the ocean enough fresh water to sustain life. The great rainless area of Chili had some brackish water, which, however, neither man nor beast can drink, and drinking water is now obtained by means of a novel desert distillery containing 20,000 square feet of glass. The panes are formed into V-shaped troughs, which are placed over shallow pans of the brackish water. The vapor of the water evaporated by the sun's heat is condensed on the lower side of the glass, and runs down into little channels, which conduct the fresh water to the main receptacle. A supply of about 1,000 gallons daily is thus provided.

Origin of "Caucus."

"Caucus" is said to have arisen from a corruption of the term "calkers' house." After violent fighting between the military and the ropemakers of Boston in 1770 the ropemakers and the calkers, the better to meet the soldiers, formed themselves into a society, "at the meetings of which inflammatory addresses were delivered and the most violent resolutions passed against the British government and its agents and instruments in America." The Tories scoffed at the calkers' meetings and the term became in time softened into caucus. However, Dr. Murray declares that the word existed previously, and he suggests the Greek "kaukos," a cup—perhaps because at private meetings the flowing bowl is sometimes found.

Typewriters in 1714.

The idea of mechanical letter-writing seems to have first occurred to an Englishman, for the earliest record of a patent for such a device is of one granted by the English government to Henry Mill in 1714. The first typewriter invented in the United States, called the "typographer," was patented in 1829 by William Austin Burt of Detroit, Mich., also the inventor of the solar compass. The machine was a primitive affair, and could be manipulated only slowly. No practical results were accomplished by the Burt machine, and to-day it is known merely as a starting point of a great American industry.

A Good Student.

"How is young Chumkett getting on in college?"

"Splendidly. He would have made the scrub team his first year if he hadn't been deficient in all of his studies."—Cleveland Plain Dealer.

A Literal Begging.

"Convicts seem to be very polite sort of people."

"Will you tell me what led you to that conclusion?"

"Sure; they never do wrong without begging pardon for it."

Grand Jury Report.

Report of the Grand Jury, February Term Criminal Court within and for Lafayette County, Missouri.

FEBRUARY TERM 1909.

To the Hon. John A. Rich, Judge of the Criminal Court of Lafayette County, Mo.

We, the Grand Jury for the February Term of the Criminal Court, February, 1909, beg leave to report as follows:—

We have made careful inquiry into all cases brought before us, and of which we had personal knowledge.

We have examined as carefully as time and circumstances would permit the various county offices. We find a careful painstaking official in each department, faithfully discharging the duties of his office; books neatly kept, and as far as in the power of the officers the books are safely kept.

We visited the County jail and find that the conditions there are as good as it is possible for the Sheriff to have them, the circumstances considered. In this connection we wish to state that many improvements are needed in the jail to provide for the comfort, safe-keeping and to prevent the escape of prisoners and to afford more personal security for the Sheriff and his deputies, but we hesitate to take the time of the Court in making a detailed report, as we find from the records that prior Grand Juries have made the same recommendations that we deem necessary, such as new stoves in the cells, new locks on the doors, etc., and to which prior reports the officers have not heeded, or at least the recommendations for some reason have not been carried out. Many improvements, however, are needed, and to sum up the situation in one recommendation, we would say that Lafayette County needs and should have a modern jail.

The vaults of all officers having records in their charge are badly crowded; the Treasurer needs additional office room, and we would suggest that the Court Room on the first floor of the Court House be made into offices and vaults, so that all county officers would be quartered in the Court House where the public having business with them can find them, as these offices should in our judgement all be in the Court House and should be provided with suitable offices, plenty of room for the transaction of business, and with ample room in the vaults to preserve all books and papers belonging to the public.

We have visited the County Poor Farm, and desire to report as follows regarding the County's unfortunate. We disapprove of the present system of paying the Superintendent, in that the salary paid to the Superintendent is not sufficient to care for these unfortunate as Lafayette County should care for them and recommend instead of the present system that the Superintendent be paid a salary as Superintendent. And that the County furnish all supplies of every kind deemed needful, food, clothing, fuel, burial and other expenses and that these people be supplied with all that is needful in the way of bodily comforts at least during the remainder of their days; and further, as to the Poor House, we further recommend that the vacant space in the basement of the new building be finished and furnished as rooms, so that same may be occupied by the inmates now quartered in the old house.

We heartily endorse the efforts of the County officers to stop the practice that has been growing for years to violate the Sunday closing laws and recommend that these laws be strictly enforced in the future; we being of the opinion that many violations of the law, if they could be traced back to their real source, would be recently due to the fact that men classed as good men, and in all other ways reputable citizens, disregarded the Sunday closing laws, and kept their business houses open for business on a part at least of each Sunday. A practice that should not be tolerated, except in cases of absolute necessity. We find that the pool and billiard halls in the County have been taking out license for a less number of tables than they actually own and use, and recommend the prosecution of all parties so violating the law who do not immediately comply with the law and secure a license for each table used.

Respectfully,

J. F. BLACKWELL,

Foreman.

Victor Moore left Monday evening for Rifle, Colorado, where he will work on the Cross L Ranch, of which his brother is foreman.

Miss Rachel Andreen, who has been visiting in Kansas City for the past few days, returned home Monday evening.

The Y. P. S. C. E. social given at the home of Mrs. Harriet Barron Friday evening was greatly enjoyed by the many guests present. It was an old colonial party and everyone present was dressed in a colonial costume. Refreshments were served.

Made from cream of tartar, derived solely from grapes. All the ingredients of Dr. Price's Baking Powder are printed on the label. They are pure, healthful and proper.

When baking powders are peddled or demonstrated, examine their labels. You will find they are not made from cream of tartar. You don't want them

Dr. Price's Cream Baking Powder

D. T. Bogie was in Buckner Tuesday.

E. M. Taubman was in Kansas City Tuesday.

Mrs. T. A. Walker spent Tuesday in Higginsville.

Dr. J. E. Tucker went to Odessa Monday evening.

Mrs. John C. Young, Sr., spent Tuesday in Kansas City.

John Worthington returned from Kansas City Monday evening.

Charles Lyons went to Kansas City Tuesday on legal business.

Walter B. Waddell went to Kansas City Tuesday for a short stay.

Mrs. J. R. Moorehead and Mrs. E. W. White visited in Kansas City Tuesday.

Most cough cures cause constipation because they contain opiates, and you should be careful to take something that does not tend constipate. You should take Kennedy's Laxative Cough Syrup. It not only allays inflammation and irritation of throat and lungs, but it drives out the cold from the system by a free yet gentle action of the bowels. Children like the pleasant taste that is so nearly like maple sugar. Sold by Crenshaw & Young.

Miss Norma Steele went to Kansas City Tuesday to spend the day.

Miss Marguerite Bates left Monday evening for a trip to Brunswick, Mo.

Miss Edith Brelsford went to Kansas City Tuesday for an extended visit.

Soldier Balks Death Plot.

It seemed to J. A. Stone, a civil war veteran, of Kemp, Tex., that a plot existed between a desperate lung trouble and the grave to cause his death. "I contracted a stubborn cold," he writes, "that developed a cough that stuck to me, in spite of all remedies, for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which restored my health completely. I now weigh 178 pounds." For severe colds, obstinate coughs, hemorrhages, asthma, and to prevent pneumonia it's unrivaled. 50c. and \$1.00. Trial bottle free. Guaranteed by Crenshaw & Young.

Kodol For Indigestion

Linen Shower.

Miss Arline Burden gave one of the most attractive afternoon parties of the season when she entertained at a linen shower Monday afternoon in honor of Miss Norma Steele, who is to be married March 10 to William Ralph Humphreys. Twenty-seven guests were present from two to five and bridge was the game played. Mrs. Howard Henry won the prize, a handsome rose hatpin. Miss Steele as guest of honor received from Miss Burden a pocket-book and card case, besides the many elegant and useful articles given by all the guests.

The refreshments were unique and delicious, bringing out the idea of Washington's birthday and suggesting the approaching wedding. The frosting on the cake represented bride's roses and Miss Steele was served with a dainty heart-shaped cake on which were mounted a tiny bride and groom.

Miss Jean Brightwell returned Monday evening from a short stay in Kansas City.

Mr. and Mrs. G. L. Trail returned Monday evening from a visit with relatives in Kansas City.

Cure Your Dandruff

Why? Because it is annoying, untidy. And mostly, because it almost invariably leads to baldness. Cure it, and save your hair. Get more, too, at the same time. All easily done with Ayer's Hair Vigor, new improved formula. Stop this formation of dandruff!

Does not change the color of the hair. Formula with each bottle. Show it to your doctor. Ask him about it. Then do as he says.

Ayer's

The new Ayer's Hair Vigor will certainly do this work, because, first of all, it destroys the germs which are the original cause of dandruff. Having given this aid nature completes the cure. The scalp is restored to a perfectly healthy condition.
